Saw Mills, Paper Mills and Box Fac-
tories Contemplated.

(Eugene Guard, Jan. 3.)

A party of gentlemen left this city
on an inspecting tour, their objec-
tive points being Springfield and the Mc-
Kenzie river.

Following is the party: A. J.
Hetchman, G. X. Wendling and H.
Fleischhaker, of San Francisco, W.
M. Sims of Sacramento, F. H. Buck
Vanaville, R. A. Booth of Grant's
Pass, J. H. Booth of Roseburg and
J. F. Kelly, of Saglew. They were
accompanied by Mayor Kuykendall,
T. G. Hendricks, S. H. Friedly, E.
Bangs and County Surveyor Collier.
These gentlemen arrived in a
special car and at once made arrange-
ments for their investigations. They
did not make known any of their
plans, merely occupying themselves
with the necessary details of their in-
spection.

It is learned that the gentle-
men have under consideration varied in-
terests—these being more definitely de-
fined as the saw mill, paper mill, and
box factory industries. The Messrs.
Booth, Kelley and Cather own the
large saw mills at Saglew, and the
other gentlemen represent more di-
rectly the paper interests, some of
them being stockholders and directors
in the Crown paper mills at Oregon
City.

It is said the men have an option on
60,000 acres of timber land on the Mo-
hawk, which is one of the finest tim-
ber sections in Oregon.

General report says that the gentle-
men have taken the preliminary steps
toward incorporating, with paid-up
capital stock of \$2,500,000. With this
amount of capital they expect to oper-
ate saw mills with a capacity of 100,
000,000 feet of lumber per year, of
which the Saglew mills will contrib-
ute 30,000,000 feet; a paper mill, us-
ing balm and cottonwood, with a
capacity to equal or exceed any paper
mill on the coast; a box and basket
factory.

The state at large but Lane county
and Eugene in particular will await
the decision of these capitalists with
considerable interest. They will be
fortunate if they locate here, and
Lane county will be greatly advanced
by their presence.

The Orphans Home
The board of managers of the Ore-
gon-Children's Aid Society held its
annual meeting and election of officers
yesterday afternoon, at the residence
Mrs. J. J. Murphy, on Court street.
There was a very good attendance of
the members of the board.

The regular annual report of the
officers and various committees were
submitted and read.

The election of officers for the ensu-
ing year resulted in the re-election of
the present officers, as follows:
President—Mrs. John Minto,
Vice-president—Mrs. P. S. Knight,
Secretary—Mrs. E. Y. Chase,
Treasurer—Mrs. J. J. Murphy.

The regular standing committees
were not named. They will be ap-
pointed at the regular meeting of the
board in February, and until then
the present committees will continue
in such capacity.

Miss Lena Brandt, who has for
several years been the very efficient
matron, will probably be retained in
that position.

MARION COURT HOUSE.
Constable Adams brought in six
tramps this morning, who were tres-
passing on property near the depot.
They were put in the county jail after
the customary search, which revealed
nothing but pocketknives and tobacco,
one man having five packs in his
pockets.

There are now eighteen men in the
county jail serving out various sen-
tences or awaiting the action of the
grand jury.

Jennie Children today filed her final
account as administratrix of the es-
tate of Elton Children deceased, and
February 6 was fixed as the date of
hearing the same.

A plot and dedication of Mathias
Butua's addition to the town of Mc-
Angel was filed to the recorder's of-
fice. It is an addition embracing two
blocks in the city and is situated just
south of Church street.

The following deeds were filed in
the recorder's office:
Oscar A. Neal to Frank J. Neal, the
undivided one-half of lot 13 block 14.
Turner's addition to the town of
Turner, also the east one-half of lot 12
in block 14, w. d. 425.

Addie L. Levar and husband to Mrs.
M. J. Churchill, lots 5 and 6, block 12,
Depot addition to Salem, w. d. 430.

United States of America to James
Webb, 611.65 acres of land in claim

STATE TAX LEVY.

A Large Amount of Revenue to be Raised by It—The Rate is
Placed at Nearly Six Mills.

Thursday Gov. Lord, Secretary of State Kincaid and State Treasurer
Metchan, sitting as a board of tax-levy, formally determined a state tax levy
of five and seven-tenths mills (.057) upon the assessed valuations of the state.
The total amount of the net taxable property in the state, as reported to the
state department is \$133,533,577, and the state levy on that amount of money
will aggregate a total state tax of \$761,141.38. This is a material increase
over the levy made in 1898 when the total taxable property in the state was
returned at \$134,917,101, on which a 34 mill levy raised a revenue, for state
purposes, of \$472,209.56 or an increase over last year, of \$288,931.55.

The following table shows the valuation of all the taxable property in
the several counties of the state of Oregon according to the assessment of the
year 1898, as equalized by the several county boards of equalization, filed in
the office of the secretary of state; second, the total amount of lawful exemp-
tions in each of said counties, as shown by the copies of the assessment rolls
of the several counties of the state for the year 1898, to be deducted, accord-
ing to law, from the aforesaid aggregate valuations of taxable property; and
third, the total amount of taxable property in the state, after making the
lawful deductions:

The Tramp Scared Him.

A singer sewing machine agent, who
is in the town for a day or so was
badly scared by a tramp last evening.
The fellow stepped up to him as he
was passing a darkened part of the
street and greeted him with the usual
tale and prayer for bed and board
money.

Thinking he was going to be robbed
the machine man grappled with the
unsuspecting tramp and yelled for the
police.

An officer arrived and now the
hungry tramp is eating at the city
jail and piling wood for five days,
while the machine agent is thoughtful,
pale and thankful.

Great Gold Output of the Rand.

The Rand has last reached and sur-
passed the marvelous output of 400,
000 ounces of gold as the production
for a single month of 58 working days.
Every 25 hours, then, witness the re-
covery of 15-25 ounces of gold worth
rather over \$50,000 (\$243,325). The
Rand total comprises only the output
of mines along a stretch of some 30
miles of country. With this state-
ment for the month of October the
gold winnings of the whole republic
for the 10 months of 1898 amount to
3,700,908 ounces. The value of the
October 423,000 ounces is \$1,500,000
(\$8,299,750), which may be compared
with \$11,653,725 (\$56,173,743), the value
for all in 1897, and \$12,208,411 (\$59,
412,232), the value of the gold pro-
duction of the United States in the
same year.

finally injure the system. Buy the
